

A.F. Dec. 30, 1968

Dear Lyman & Minnie,

Just a note with this enclosed description of the grave site in midway.

We Frank, Karl & I went up there about a month ago and made the survey. Then Frank worked out the description as it is here on the paper I'm enclosing.

Hope you can get it to Lloyd Gerber now and that he can get it going.

The man in midway as County Commissioner that will help us all he can is Grant Shelton. no doubt Lloyd will see the County Attorney and work with him.

We hope you are better and enjoying yourselves. I haven't been worth much for over a month. Some better now.

Frank Jones is doing pretty good when one thinks of the heavy blow he had to take.

Best wishes to you,

Ray

7-Dec-1968.

Description: Gerber Gravescites, Midway Utah.

Commencing at a point which is south along the section line a distance of 1083.00 feet and West 701.50 feet from east Quarter Corner of section 28, T. 3 S. R. 4 E. S. 2 L. B. & M.; and running thence S.  $1^{\circ} 29' E.$  30.0 feet; thence S.  $88^{\circ} 31' W.$  30.0 feet; thence N  $1^{\circ} 29' W.$  30.0 feet thence N  $88^{\circ} 31' E$  30.0 feet to the point of beginning.

Note: The South east corner of section 28 is reported to be in question.

It is ~~buried~~ <sup>buried</sup> in a cultivated field, and from evidence, may have been moved from its original location. The line from the east Quarter Corner of section 28 to the east Quarter Corner of Section 33 was used as the meridian in making this survey. This is in accord with other recent surveys made in the vicinity in the recent past.

Frank W. Jones
